Next week, both 8th graders and Seniors will spend their final days at school. As they embark on a new journey, we encourage our parents to celebrate these milestones and reflect on how far they have come and what is in store for their futures. Congratulations to our 2024 8th graders and Seniors. We are excited to recognize you at your promotion and graduation ceremonies.

As summer break nears, I encourage you to make the most of this time with your children. While the school year may end, there are still countless opportunities for learning, growth, and fun during the summer months. Consider exploring the outdoors together through activities such as hiking, camping, or simply enjoying a picnic in the park. Not only will these experiences create lasting memories, but they also provide valuable opportunities for your children to engage with the natural world and learn about the environment around them.

Additionally, encourage your children to pursue their interests and passions outside of the classroom. Whether it's signing up for a local sports team, joining a community art class, or volunteering for a cause they care about. Summer is the perfect time for them to explore new hobbies and develop new skills. By embracing these opportunities for enrichment and adventure, you can help ensure that your children's summer break is both enjoyable and fulfilling.

Here is a great resource to find summer activities throughout the state of Kansas to enjoy with your families.

Sunflower Summer - May 25 - August 11, 2024

Celebrations

This week we celebrated National School Principals and School Lunch Heroes Appreciation Days. Please help us say thank you for all the wonderful things these chargers do for our schools. Check out our YouTube Staff showcase. <https://www.youtube.com/@SFTSCHOOLS>

Have a great weekend!

Proud to be a Charger,

Faith Flory
