Santa Fe Trail High School
Athletics
"Committed To Making A Difference"

I. Statement of Philosophy

Santa Fe Trail High School believes activities are an important part of the development of the student. The ultimate goals of the activities program will be: 1) To realize the value of participation without overemphasizing the importance of winning 2) to develop and improve positive citizenship.

The activities program is an opportunity to provide experiences to develop habits and attitudes that will prepare students to succeed.

Activities enable young people to learn lessons in leadership, teamwork, self-discipline, competition and the ability to win and lose with honor and dignity. Athletic competition instills school pride.

The Activities programs will align and conform to the educational objectives. At no time will the program place total educational curriculum as a secondary emphasis. Activity programs will strive for the development of a well-rounded individual with the ability to function and thrive in our society.

Activity participation is a privilege that has many responsibilities to the school, activity, student body, community and the student themselves. A student should take seriously the decision to participate in school-sponsored activities by dedicating time and energy to be successful.

The Activities programs shall be conducted in accordance with Board of Education policies and regulations. While great pride will be taken in winning, "winning at all cost will not be condoned". Any and all pressures which might tend to neglect good sportsmanship and good mental health will be discouraged. At all times programs must be conducted in such a way so as to justify it as an educational activity.

Every effort will be made to support athletics with the best facilities, equipment, and with the most qualified staff available.

II. Objectives of Participation

To provide a positive image of school activities. To strive for playing excellence that will produce winning teams within the bounds of good sportsmanship and mental well being of the student athlete.

To provide opportunities that will serve as a laboratory where students may cope with challenges and handle situations similar to those encountered in life. The laboratory provides adequate and natural opportunities for:

1. Physical, mental, and emotional growth and development.
2. Acquisition and development of special skills in sports of each student's choice.
3. Team play with the development of loyalty, cooperation, and fair play.

4. Directed leadership and supervision that stresses self-discipline, self-motivation, excellence, and the ideals of good sportsmanship that make for winning and losing graciously.
5. A focus of interest on activity programs for the student body, faculty, and community that will generate a feeling of unity.
6. Achievement of goals as set by the school and the student.
7. Worthwhile use of leisure time in later life, either as a participant or spectator.
8. Participation by the most skilled will enable these individuals to expand possibilities for future vocational pursuit.
9. Provide opportunity for a student to experience success.
10. Create a desire to succeed and excel.
11. Develop high ideals of fairness in all human relationships.
12. Practice self-discipline and emotional maturity in learning to make decisions under pressure.
13. Be socially competent and operate within a set of rules, thus gaining a respect for the rights of others.
14. The value of athletics in a balanced educational process.

III. General Policy Statements

The operation and administration of the High School Interscholastic Activity Programs will comply with the rules, regulations, and policies of the Kansas State High School Activities Association and the Board of Education.

The rules and regulations adopted in this Activity Policies Handbook will be enforced by all administrative staff (Principal, Associate Principal, and Activities Director).

The Superintendent and Principal can affect changes in the rules, policies, and regulations for athletics with the approval of the Board of Education when necessary. Building administrators must be well acquainted with these policies so that programs are administered reasonably within consistent guidelines.

In activities, as well as other areas, personnel problems must be met in similar ways as all other personnel problems. The principal and the administrative staff must provide supervision, counseling and guidance and finally, evaluation of personnel as ways to deal with personnel problems in activities.

All coaches must meet KSHSAA requirements and volunteers cannot be used as in accordance with KSHSAA rules.

Coaches assigned to interscholastic activities are expected to be on duty when needed for the maximum benefit to the program. Athletes should be supervised at all times at practice. The coach is responsible for proper supervision of locker and dressing rooms and for leaving the rooms in good condition at the end of practice.

There will be no activity practice on Sunday, except in special circumstances at the varsity level and only with the approval of the building activities director and/or the principal. Attendance at Sunday practices shall not be mandatory.

IV. Lodging

If participation in an event continues from day to day, consideration shall be first given to the possibility of returning home and making the trip the following day. The time of the event, traveling time, and additional expenses must all be considered before making the decision to stay overnight.

Arrangement for lodging will be made and/or approved by the building principal and activities director.

V. Undue Influences for Participation

- A. It shall be the philosophy of the high school athletic department that athletes shall enjoy as many sports seasons as the student athlete and their parents wish them to participate in without influence from any coach to specialize in one sport. All coaches encourage participation in other sports.
- B. Once the season has started no one shall change sports without the consent of each coach involved.
- C. Athletes cut from one sport may try out for another sport providing they were not cut from the first sport for disciplinary reasons.
- D. No athlete who is dropped from one squad for disciplinary reasons shall be eligible to compete in another sport for that particular season.
- E. No athlete may start another sport until the previous one has been completed. This includes all uniforms, equipment and obligations to the previous season checked in and completed. Failure to complete obligations prior to the start of the next season may result in detention, financial penalty, restriction from practice and participation.
- F. Students may participate in two sports during one season, with approval from the coaches of both sports. In addition, a parent meeting with the coaches and athlete will occur prior to the first day of practice for that season, as set forth by KSHSAA. During this meeting, the athlete will need to choose which sport will be designated as their primary sport. Practice expectations will be discussed and outlined, along with how competition days will be determined per sport. Next, two sport athletes are expected to begin their dual sports on the same day. If they do not, the days missed will be considered to be unexcused. After two unexcused absences from one sport, they will no longer be able to participate in both sports.
- G. A student-athlete may not try out for a team if two weeks has expired since the first day of practice and/or cuts have been made unless there have been extenuating circumstances. In either case the circumstances must be evaluated and approved by the Head Coach and Athletic Director. Any such student-athlete must have at least 14 team practices and the time made up for each missed practice prior to any competition.

VI. Release From Class

- A. All interscholastic activities contests will be scheduled so students miss a minimum number of classes for travel to away games.
- B. Head coaches will make arrangements with the athletic director to have students excused from class because of travel requirements only when absolutely necessary.
- C. All work shall be made up according to school policy.
- D. All coaches shall submit to the athletic director and staff a list of all squad members, managers, etc. to be excused.
- E. Dismissal time for participation in activities:

1. The team should be dismissed from class fifteen minutes prior to departure.
 2. At home events, a maximum of one hour shall be allowed for preparation and warm-up before starting time of the event. If additional time is needed, the athletic director must approve it.
- F. The school will continue to develop and, if possible, improve on developing athletic schedules, which will involve the minimum of travel time and yet maintain a level of competition commensurate with the size of the school.

The Santa Fe Trail Substance Abuse Policy is defined in accordance with Kansas's statutes concerning alcoholic liquor, cereal malt beverages and controlled substances. property and carry consequences for use consistent with the disciplinary policy/point system. The Santa Fe Trail policy for alcohol and drugs (controlled substances) prohibits:

- The possession, use, consumption or sale of drugs/alcohol on school property or at school activities.
- Any student who comes onto school property or attends school activities under the influence of controlled substances as defined above.
- Any student who has substances, residue or paraphernalia in their vehicle, on their person or in their belongings while at school.

In order to provide a drug free environment and to assist in the education and treatment of students who have engaged in drug use, Santa Fe Trail students in grades 7-12 who participate in extracurricular activities, school organizations, are issued a school parking permit and/or use the school parking lot will be subject to random drug testing. The mandatory random drug screening process is outlined below:

Drug Testing Process:

1. Kansas Drug Testing will randomly select students for testing throughout the school year.
2. The parent/guardian and the student are required to sign a written consent for drug testing prior to participating in activities in USD 434 grades 7-12. Any time the student in activities refuses testing, it will be considered a failed test.
3. Students must register to be in the random drug testing pool at the beginning of the school year and/or at the beginning of fall activity practices/meetings. If students do not participate in fall activities, but will participate later in the year, they must have the form granting permission to participate in random drug testing submitted to the athletic director's office no later than the first Tuesday after Labor Day. Failure to register within the designated time disqualifies students from participation in athletics, activities, dances, etc.

4. Students new to the school who enroll after Labor Day will be given the random drug testing consent form in the enrollment packet. The student must return this form within a week of the first day of attendance in USD 434.

5. Students who do not register for random drug testing are not eligible to participate in activities in USD 434. If a student fails to register and later wants to participate in activities he/ she may participate but must take the drug test at parent/guardian/student expense.

6. Parents/Guardians will not be notified prior to testing. They will only be notified on failed drug screens.

7. A FIRST positive test result, will result in the following consequences:

- A one calendar week suspension from school activities. Student is expected to continue to practice with the team/organization, but will not attend competitions/activities outside of practice during this time period.
- Santa Fe Trail will cooperate with the student and parents/guardians by providing information regarding a drug education and/or treatment program options.

8. TWO positive test results will result in the following consequences:

- No practice or competition as a participant or spectator at any district event for thirty (30) calendar days.
- Information in drug education and/or treatment program options will again be provided to the student and parents/guardians and attendance will be strongly encouraged.

9. The THIRD positive test result, will result in the following consequences:

- A 365 day ban, including participation in and as a spectator, from all district activities. Participation in graduation exercises will be at the discretion of the school administration. To be reinstated after serving the 365 day ban, student must successfully pass a drug test administered by the school.
- Information in drug education and/or treatment program options will again be provided to the student and parents/guardians and attendance will be strongly encouraged.

10. Test results will be available only to the student, the parents/guardians, and to Santa Fe Trail Administration with a legitimate educational interest in the student.

11. Once a student has been tested and the results have been returned, his/her number is placed in the general pool for further random testing. Therefore, it is possible that a student may be tested more than once during the school year and several times during their six years at Santa Fe Trail Junior High or Senior High.

12. If parents/guardians question the validity of the test results they may request a second test be conducted at their own expense.

13. Any student who refuses to submit to a drug test after being randomly selected and is currently participating, been participating in, or plans to participate in any of the school activities listed, will be deemed a positive result and will result in the discipline actions outlined above.

Use, consumption of, and/or possession of any drug and/or alcohol on school property is prohibited and are subject to the disciplinary actions outlined in the student handbook.
