**KSA 72-5209 “Written statement signed by one parent or guardian that the child is an adherent of a religious denomination whose religious teachings are opposed to such tests or inoculation.”**

The State of Kansas law makes provisions for non-vaccination of children whose parents object to vaccines for religious reasons. We, the parents/guardian, accept full responsibility for the health of our child, and because of our religious conviction, we do not wish our child to be vaccinated. In the event of any infectious condition, our child would of course remain at home. We further understand that during the course of an outbreak of any so call “vaccine preventable disease” would occur at your facility, our child is subject to exclusion from your facility for the duration of the outbreak.

By signing below, I acknowledge that my child is exempt under the law from immunizations. As a parent/guardian of the above-named child, I state that I am adherent of a religious denomination whose teachings are opposed to immunizations.

This form is to be filled out each school year and will be kept in student medical file.
