

Dear 8<sup>th</sup> grade parent(s),

We would like your child's full legal name so that it can be printed on their diploma. The diploma can be used as a legal document so it is important to have not only their full name but also the spelling as it appears on their birth certificate. If you would prefer to have their name announced differently at graduation, please make a note of it below.

Thanks for your help.

Sincerely,

SFTJH Office

I would prefer to have my child's name printed in the program and announced as listed below instead of their legal name.
