ATTENDANCE CENTER

202 W. 7TH OVERBROOK, KS 66524

To: Dr. Steve Pegram and Board of Education
From: Dr. David Fernkopf, OAC Principal
Date: May 1, 2019
Subject: May Building Report

Fastbridge Testing and F&P

We will be finishing up our testing within the next week and then we will be able to look at the data from the beginning of the year and for growth as we compare the data to our most current testings. We are using google spreadsheets again this year to have the data easily accessible to the grade level teams.

Field Day – May 3

Our Field Day is scheduled for May 3rd. Zach Johnson has done a lot of hard work to get all the events prepared. We are doing things very similar to the last couple of years. We will have our Field Day at the Overbrook ball diamonds. We will be walking with our students to and from the school to the ball diamonds and the students will do eight fun rotations with their teachers. Family and friends are once again invited to attend. If the weather does not cooperate, we have our rainout date scheduled for May 10th.

Kindergarten Round-Up

We had 59 students and their parents attend Kindergarten Round-Up. Parents were able to visit with office staff, myself, tour the building and given time to start filling out paper work. Students were able to visit the different kindergarten classrooms and do a rotation in each classroom. I know of at least 15 more students that were not able to attend. I expect at least 75 kindergartens for the 2019-2020 school year.

End of the Year Review and Goals

I will be meeting with teachers next week to have conversations about how the school year went this year to make improvements for next year. We will also be setting goals for those teachers that plan to take advantage of starting their professional development this summer.

Leader in Me

We have had some great progress in the building, helping with the climate. We now have three murals throughout the building, with a few more ideas in the works.

We also have started the process of a rock garden that will be filled with rocks that are personalized by each student.
