Dear SFT Administrators:

I am writing this letter to resign my position as a CAC Redesign Pilot, as well as a BLT member. This year has been the most difficult year that I have ever had in my almost 20 years of teaching. It has forced me to do a lot of reflecting. I feel like I have my hands in so many things which creates so many details to manage. It has become overwhelming to the point that I am getting burned out and feeling inadequate. To be clear, I still cherish and value my time with my students. My priority is to teach and advocate for my students to the best of my ability, while also being a resource to help classroom teachers meet their students' needs. In addition, I feel that managing my paras and getting them the resources that they need, being an active participant in SIT, and being a contributing member to LINK are all necessary as a Reading Specialist and Title I teacher. This by no means discredits the importance of Kansas Redesign. I believe that Redesign will have a positive impact on all of our students. I, however, feel that it is necessary to step back from something in order to be the most effective teacher for my students and co-workers. I will finish out my commitment as a Redesign Pilot and BLT member for this school year. However, I am resigning my position as Redesign Pilot and BLT member at the conclusion of the 2019-2020 school year. Thank you for the opportunity and your support, Carrie Hawks
