

2020 GIRLS VOLLEYBALL CONSIDERATIONS

Revised July 22, 2020

KSHSAA RETURN TO SCHOOL ACTIVITIES – ACTIVITY SPECIFIC RISK MITIGATION STRATEGIES

With support of the NFHS, the KSHSAA Sports Medicine Committee and the KSHSAA Executive Board, we offer this document as guidance to the member schools of the KSHSAA to consider for the 2020 VOLLEYBALL season. The considerations outlined are meant to decrease potential exposure to respiratory droplets by encouraging physical distancing, limiting participation in administrative tasks to essential personnel and allowing for appropriate and reasonable protective equipment. With the considerations the KSHSAA believes these reasonable accommodations will help with risk mitigation for the upcoming VOLLEYBALL season.

OFFICIALS & EVENT PERSONNEL:

- Coaches and other event personnel must wear masks.
- Schools should have officials' information and team info in order to track contacts (officials may be accessible through Arbiter.)
- Officials will arrive onsite in their officiating attire; a locker room will not be provided.
- A separate bathroom should be provided for officials when possible.
- Officials should bring their own food and water CLEARLY MARKED.
- Electronic whistles are allowed, but not required.
- Officials should bring their own pen to sign the lineup sheets and score book.
- Officials may but are not required to wear a mask while working but will wear a mask between matches.
- Scorer's table – scorekeeper, libero tracker and scoreboard operator should be 3- 6 feet apart when possible and wear masks.
- Officials will not be expected to monitor physical distancing; each person is responsible.
- Cleaning supplies should be available on site. Host schools will be responsible for cleaning score table, team benches, and officials stand between matches.

PLAYER CLOTHING, EQUIPMENT

- Clothing/towels/knee pads should be washed and cleaned after every workout & competition.
- Player braces, equipment, etc. should be cleaned after each use/wearing.
- Players should provide their own water bottle and towel CLEARLY MARKED WITH THEIR NAME (don't share with others)

GAME EQUIPMENT, EQUIPMENT, FACILITY:

- The officials stand should be cleaned after each match.
- Nets, standards and officials stands should be cleaned and sanitized after set up and before each match. They should be cleaned before storage.
- Ball carts, net padding, etc. should be cleaned with a disinfectant at the end of the day.
- Schools will provide their own volleyballs for warm-up. The host school will provide ball carts for use.
- Volleyballs should be cleaned (see attached information) at the end of the day. Clean game balls should be rotated into the match at the end of each game/set.

- Team benches should be cleaned at the end of each match (NOTE: teams will not change benches unless the coach and official deem a disadvantage to a team). Should they switch sides, benches will need to be disinfected and players/personnel will observe social distancing.

BALL CLEANING INFO:

- Many inquiries regarding how best to clean and/or sanitize volleyballs. In brief analysis, the use of sanitizing wipes inclusive of bleach or similar disinfectant have proven to be effective against emerging viral pathogens. However due to the porous surface of the leather and composite volleyballs, tests have not confirmed the ability to kill the novel coronavirus. When using the wipes, it is suggested to place the wipe in one hand while thoroughly rotating the ball to ensure cleaning of the entire surface.
- Once the entire surface has been cleansed, the ball will need to dry prior to being placed back in use. Please note due to the chemical properties in the wipes, some of the ink on the ball may be removed. **Alcohol wipes have resulted in damage to the product and are not recommended at this time.**
- Please note this is not a recommended practice for regular use when the need for sanitizing volleyballs is not a concern. See General Guidelines.

PRACTICE:

- Consider work-outs in “pods” of the same students using the same balls.
- Players will follow general guidelines outlined in this document.
- Players should practice social distancing as often as possible.
- After practice and competition, players will wash their hands, wear face masks and practice social distancing.

CONTEST WARM UP:

- Match warm-up will be conducted as stated in the KSHSAA Volleyball Manual (20/10 minutes). NOTE: Schools may adjust the warm-up time but will follow the warm-up stages/steps outlined on page 20-21 of the 2020-2021 KSHSAA Volleyball Manual.

COMPETITION (AS ALLOWED BY NFHS RULES):

- No pre-game and post-game handshakes/high-fives/fist bumps.
- Each team is responsible for its own hand sanitizer and its own med kit.
- Recommend face coverings be worn during the pre match meeting. Captains will not attend.
- Players and team personnel on the team bench will practice social distancing and wear masks.
- Only athletes will touch the balls. Players will retrieve stray balls. Ball should be set on the floor during a timeout.
- A sanitized back up ball should be available at the score table (someone needs to be designated to sanitize the ball(s).)
- Players would need to use hand sanitizer before entering and when exiting the court during substitutions or with libero; no hand touching allowed during substitutions (sanitizer could be set up on a chair at end of bench.)
- Each school is responsible to bring towels to wipe up sweat off the floor; host schools are recommended to provide a roll of paper towels at the scorer’s table.
- Players should avoid huddles after each dead ball. Officials will issue delay of game if prolonged.
