

BOE REPORT

October 2022

Scranton Attendance Center Preschool

Faith Flory

"Inspiring and Empowering every Charger, every day."

What's Happening at the Preschool

This month our students are working on Fall themes that are embedded in both their SEL and pre-academic curricula. Students have also had some wonderful experiences this past month through Homecoming events and our Fall Family Cookout. It is important for school readiness that students have many opportunities for new experiences. These experiences allow our students to gain new content knowledge, language, and skills to support their growth as learners. We plan to provide as many experiences for our youngest learning as often as possible.

Our preschool has been working hard to establish goals and create action plans that align to the BOE goals. As you will notice the focus of these goals is **STUDENT ACHIEVEMENT: BOE Goal 2**. This collaboration time has been very valuable.

1. SAC will promote social emotional learning through community education on appropriate preschool readiness skills. These include executive functioning, problem solving, self-help skills, independence, and interpersonal skills. Effective education will be determined through parent participation in learning opportunities over the course of this school year.
2. SEL will be the foundation of all teaching and learning opportunities at SAC. SAC students will graduate 95% of students from preschool with kindergarten readiness skills determined by an SEL benchmark assessment at the end of each school year.
3. SAC will support K-12 academic achievement through experiential opportunities, hands on learning, and a language rich environment. 90% of students will be kindergarten ready by the time they leave PK as measured by the kindergarten readiness snapshot.
4. SAC will develop new operations and programming for the 2023-2024 school year in order to effectively provide services for kindergarten readiness. This new preschool program will prioritize special education services, 3-4-year-old at risk, and 4-year-old general education.

Please check out this month's newsletter to learn more about SAC Preschool activities.
