Learning Services Update- December 2023

Curriculum

- The preschool teachers have assessed Bridges as a valuable math tool and decided to incorporate it into the curriculum for the upcoming school year. This continuity into Kindergarten is excellent for our students' educational journey.

Social Studies

Starting in January, Social Studies educators will convene to reassess state standards and curriculum/resources.

TASN

Our most recent TASN training session for preparation and planning took place on November 28th. The team's agenda encompassed several key topics:

- Transitioning to Phase 2 - Reading
- Completion of Fidelity Work
- Evaluation of Existing/Desired State
- Strategies for Accelerating Change Leadership
- Enhancing Family Engagement

Assessment Updates

Interim Assessment Window: December 4 - 15. Interim assessments are used periodically throughout the school year to measure students' understanding of concepts and use of particular skills and depth of knowledge in regard to state standards.

FastBridge Winter Window: December 4 - 15. FastBridge utilizes screening data from multiple assessments to accurately identify and group students by risk, identify instructional need, suggest interventions, and provide next steps and progress monitoring.
