

WHATS HAPPENING AT SAC?

We have enjoyed the recent warm weather that has allowed us to get outside and play. In February Mr. Stone came to read to us and all of the children loved to listen to him tell a story. We also celebrated Valentine's Day and exchanged valentines with our friends. Thank you to those who took the time to meet with teachers during parent teacher conferences.

As we think about the next school year, the preschool is preparing for Kindergarten transitions, pre-enrollment, summer enrollment, class placements, preschool operations, and more. We will update you as this information becomes available.

Finally, we are gearing up for springtime learning and hopefully some more time outside to play in the dirt. The High School National Honor Society students will be joining us for Read Across America Day on the 3rd. We are excited to host them for some interactive literacy events and fun!!!! The preschoolers love when the big kids come over!

SAVE THE DATES

- March 13 No School- Teacher Prep
- March 16-20 No School- Spring Break
- March 27 No Preschool- Screening @ SAC

2026-2027 Preschool Enrollment

It's that time of year to collect information from parents about your interest in preschool next year. Preschool operations work separately from K-12 education due to funding, special education requirements, and student placement consideration. Please follow the link to this google form that will collect information for the enrollment process.

Google Form to Request Preschool

Filling out this form does NOT complete the enrollment process or guarantee a spot in the preschool. This gives us basic information to begin planning for the next school year. There will be an online or in-person Preschool Enrollment opportunity in the summer that is mandatory for all students.

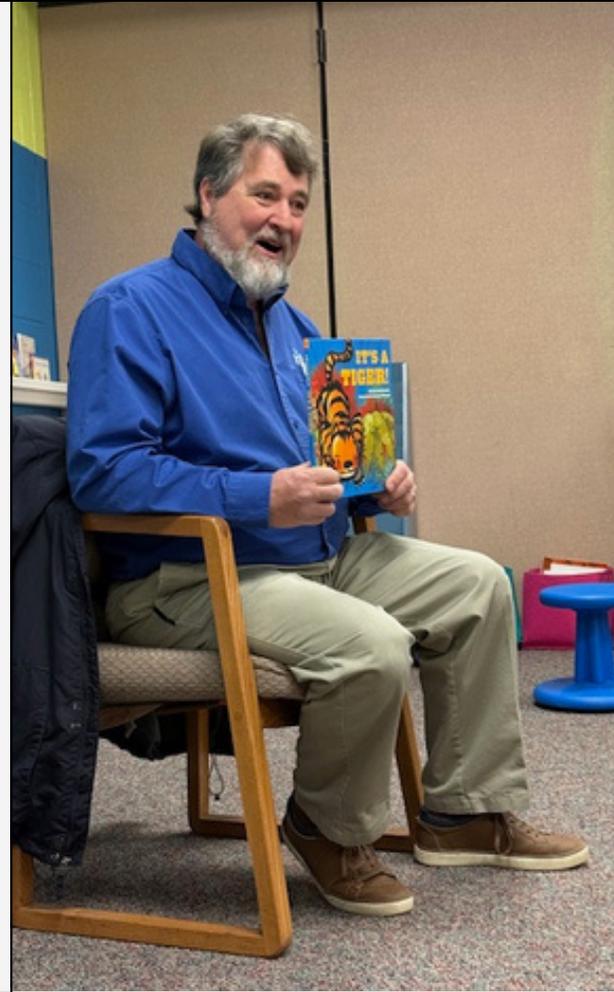

****Information asked in the form is required by our federal grant funding sources. Thank you for providing this information to help us fund our preschool programming.****

These documents will be required to enroll in preschool: Child's birth certificate, Child's immunization record, and Child's Physical(dated sometime within the last year).

Valentines Day and Classroom Fun

March Tip of the Month

Why Children's Independence Is Important

Helping children become independent is one of the greatest gifts we can give them. Independence does not mean doing everything alone—it means giving children the confidence, skills, and opportunities to try tasks by themselves, make decisions, learn from experiences. When children learn to be independent, they grow into confident, capable, and responsible individuals.

1. Builds Confidence and Self-Esteem

When a child completes a task on their own—tying shoes, dressing, up toys

2. Encourages Problem-Solving Skills

When they explore, experiment, or make decisions

3. Develops Responsibility

High responsibility and accou

4. Supports Emotional Growth

Seen roprecneeve accoume

5. Strengthens Daily Life Skills

Makes astony store

6. Encourages Healthy Decision-Making

Help build important

7. Supports Academic Success

How Parents Can Encourage Independence

- ✓ Give simple, age-appropriate tasks
- ✓ Allow your child to try first before helping
- ✓ Be patient—mistakes are part of learning
- ✓ Celebrate effort, not just success
- ✓ Provide choices whenever possible
- ✓ Teach routines they can follow every day
